

SENATOR DeCAMP: No.

SENATOR MILLS: Yes. Tighten it up?

SENATOR DeCAMP: Oh, is that what your question is? Does it tighten it up? Yes.

SENATOR MILLS: Close the shop?

SENATOR DeCAMP: What?

SENATOR MILLS: Close the shop?

SENATOR DeCAMP: Close the shop what?

SENATOR MILLS: Those people writing overline?

SENATOR DeCAMP: No, no.

SENATOR MILLS: Okay, thank you.

PRESIDENT: The question is the adoption of the committee amendments. Record your vote. Senator DeCamp's amendments, are they?

CLERK: Yes sir.

PRESIDENT: Senator Murphy. Your light was on before I called for the vote. Scrub the vote. Senator Murphy.

SENATOR MURPHY: Thank you, Mr. Chairman. Senator DeCamp, I have a problem with the paragraph relating to Section 9, where it says add to Section 9 this particular amendment, then the following line says strike Section 9. We just tied the caboose on and ran the train off the bridge.

SENATOR DeCAMP: Well I'm looking at the man that drafted the amendment. If that is right,.... Section 9?

SENATOR MURPHY: Yes, the section relating to Section 9 says add to Section 9, and then the next line says delete Section 9.

SENATOR DeCAMP: Add to the new Section 9, it is supposed to be.

SENATOR MURPHY: That is required by Section 9? Then they say delete Section 9.

SENATOR DeCAMP: Delete old Section 9 and add a new Section 9 that says thus and so. Delete the old Section 9 that said thus and so.

SENATOR MURPHY: Is that what the amendment says, Senator?

SENATOR DeCAMP: That is what it was supposed to say.

SENATOR MURPHY: The printed amendment that we're adopting?

SENATOR DeCAMP: They are renumbering 10 and 9.

SENATOR MURPHY: I think we better take a look at it. I suppose we can do it on Select.

SENATOR DeCAMP: Okay. I'll mention that to the Insurance Department. If they messed it up....
